**WAQAS CHEMICALS**

CHEMICALS & TECHNOLOGY INSTRUMENTS

# SODIUM BISULPHATE TURKEY

Also known as Sodium Bisulfate, Sodium Hydrogensulphate, Dry Acid, Cut Work (Pakistan), Quality of product is Pure White Material, Standard Packaging along with Pallets.

# ABOUT US

WAQAS CHEMICALS Company established about 5 years ago specializes in the marketing of quality chemical products especially polymers, paper and paper chemicals, sourced from manufacturer globally.

WAQAS CHEMICALS main service is to help in connecting the manufacturers of chemical products and the industries that make use of these products globally. We research Manufacturers to give quality products to consumers. Our expertise is to locate the best manufacturers and plants from around the world for our customers.

## OTHER PRODUCTS

- Chloroform Russia 290KGs Drum
- Sodium Nitrite China, 25Kg Packaging
- Sodium Bisulphate Turkey, 25 Kgs packaging
- more products on website [www.waqaschemicals.com](http://www.waqaschemicals.com)

# SODIUM BISULPHATE

## SPECIFICATION

|                        |                                                                                          |
|------------------------|------------------------------------------------------------------------------------------|
| Chemical Formula       | NaHSO4                                                                                   |
| Assay % (m/m)          | %95,5-98,5                                                                               |
| Physical Form diameter | Crystalline solid, spherical shape (bead) approx 0.75mm                                  |
| Appearance<br>Synonyms | White or white to slightly yellow<br>Sodium Bisulfate, Sodium Hydrogensulphate, Dry Acid |
| Packing                | 25 kg PE bag , 1000 kg BigBag                                                            |

# SODIUM BISULPHATE

## APPLICATION FIELDS

- pH reduction in swimming pools&spas
- Sweetener, pH and salt ratio adjuster in Food
- Litter Treatment on poultry
- Various applications in textile, leather, metal and cleaning industries

Packaging

Excellent Quality
